Please get with Crystal before you upload any of the mass mailer comments so she can tell you how to handle these. Thanks

Hi All,

I now have access to the lotus notes email box so I'll begin uploading the public comments to the WY RH docket in FDMS.

Thanks!

Hi – Earlier this month, I had requested Abby be added to the group mail box. I tried to go through TMS management to expedite this and was unsuccessful. I spoke to Todd at the service

desk today and he entered a ticket to have Abby added. Sorry for the delay! I'll be sure to follow up this time.

There are about 500 comments related to WY RH but most are mass mailers. I will forward one of the older comments to Abby to post now regarding one source's subject to BART status. I think the others can wait until we get Abby's access issue resolved.

The group mail boxes in Lotus Notes will all be migrated to Outlook eventually so it is probably not worth the headache to try to set up an Outlook mail box for comments.
